HUDSON
DERMATOLOGY

Hudson Dermatology is the largest independent (non-PE) dermatology group in upper Westchester and the Hudson Valley. We are looking for team-oriented FT/PT general/cosmetic dermatologists for all of our offices. We are committed to providing dedicated time, space, and support to establish a thriving practice for a new associate from day one.

We are collegial and academic. We have great responsive management, ample ancillary support, and EMA ModMed EMR. We have no shortage of experienced MAs/scribes. We offer a variety of lasers and light devices, full patch testing, and Mohs. For the right candidate, we are flexible as to how to structure your personal practice with respect to the mix of general/cosmetic/surgical. We offer a generous compensation model including a base salary and 48% of collections, as well as benefits. Because of our size and market density, we have very competitive insurance reimbursement rates.

We are open to the possibility of extender supervision and/or partnership in the future if you choose to pursue that route. If you would like more information, please contact us at docandpajobs@hudsondermatology.com

What we offer:

- General dermatology with untapped cosmetic opportunities, if desired
- The rapid ramp-up to a full practice
- A generous base salary
- An incentive-laden productivity bonus
- A great benefits package (health, dental, 401K, vacation, CME)
- Starting expenses are offered for those relocating to the area
- A flexible practice model with untapped potential in specialty areas
- Ample, experienced offices and medical staff and scribe support
- Amazing friendly patients in a collegial office environment
- Several local Fortune 500 employers with outstanding insurance and reimbursements
- Great quality of life and schools with a lower cost of living than NYC
- Easy train and road access to NYC without the NYC income tax
